

AVAILABLE IN TWO STYLES

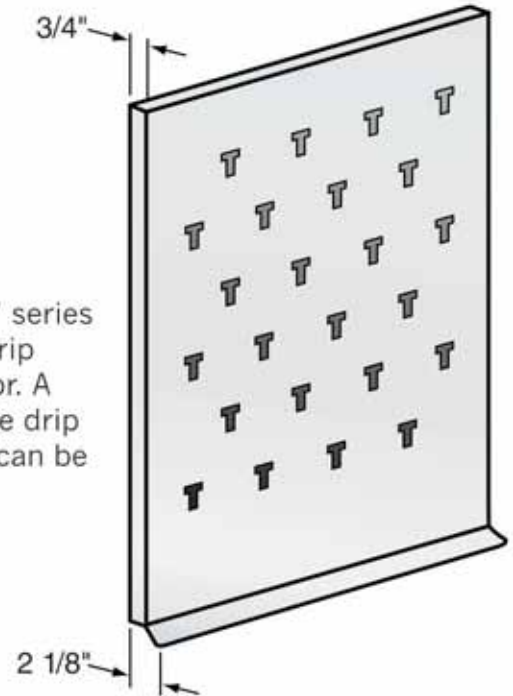

"V" VICTORIA SERIES

The "V" series has a catch drain and an integral drip trough available in 2 or 4 inches.

"B" BARON SERIES

The "B" series has a drip deflector. A separate drip trough can be added.

The versatile MOD-RACK™ is more than a pegboard. With the simple addition of available accessories, it becomes a clutter free work station. MOD-RACK™ lightweight stainless steel laboratory pegboards are available in two styles and several sizes to meet every lab condition.
